The Oboe Geoffrey Vernon Burgess, Geoffrey Burgess (oboist.), Bruce Haynes, Instructor of Baroque Oboe Geoffrey Burgess, MR Geoffrey Burgess, Obo.2004-01-01 The oboe, including its earlier forms the shawm and the hautboy, is an instrument with a long and rich history. In this book two distinguished oboist-musicologists trace that history from its beginnings to the present time, discussing how and why the oboe evolved, what music was written for it, and which players were prominent. Geoffrey Burgess and Bruce Haynes begin by describing the oboe's prehistory and subsequent development out of the shawm in the mid-seventeenth century. They then examine later stages of the instrument, from the classical hautboy to the transition to a keyed oboe and eventually the Conservatoire-system oboe. The authors consider the instrument's place in Romantic and Modernist music and analyze traditional and avant-garde developments after World War II. Noting the oboe's appearance in paintings and other iconography, as well as in

distinctive musical contexts, they examine what this reveals about the instrument's social function in different eras. Throughout the book they discuss the great performers, from the pioneers of the seventeenth century to the traveling virtuosi of the eighteenth, the masters of the romantic period and the legends of the twentieth century such as Gillet, Goossens, Tabuteau, and Holliger. With its extensive illustrations, useful technical appendices, and discography, this is a comprehensive and authoritative volume that will be the essential companion for every woodwind student and performer.

Weinzweig Brian Cherney.2011-01-04 John Weinzweig (1913–2006) was the pre-eminent Canadian composer of his generation. Influenced by European modernists such as Stravinsky, Berg, and Webern, he was the first Canadian composer to employ serialism, thereby bringing a spirit of innovation to mid-twentieth-century Canadian music. A forceful advocate for modern Canadian composition, Weinzweig played a key role in the founding of the Canadian League of Composers and the Canadian Music Centre during a buoyant and expansive period for the arts in Canada. He was an influential force as a teacher of composition, first with the Royal Conservatory of Music and later with the University of Toronto's music faculty. This first comprehensive study of Weinzweig since his death consists of new essays by composers, theorists, and musicologists. It deals with biographical aspects (the social context of early-twentieth-century Toronto, his activism, his teaching, his early scores for CBC Radio dramas), analyzes his compositional processes and his output (his approach to serialism, his instrumental practice, the presence of jazz elements, the vocal works, the divertimenti), and examines various evaluations of his music (his own – in letters, interviews, talks, and writings – plus those of critics and scholars, of listeners, and of performers). The essays are framed by the co-editors' portrait/assessment of Weinzweig and a brief personal memoir. Much of the content draws on new research in the

extensive Weinzwieg Fonds at Library and Archives Canada in Ottawa. Included at the end of the book are a [http://www.wlupress.wlu.ca/General/beckwith-cherney-list-of-works-discography.pdf List of Works by John Weinzwieg by Kathleen McMorrow and a Discography by David Olds] both available here as pdfs. Supplementing the volume is an audio CD of extracts (some in their first public release), ranging from a 1937 student work to a song cycle of 1994. Read the [http://www.wlupress.wlu.ca/General/beckwith-cherney-cd-notes.pdf Notes and Texts for the CD.]

The Beethoven Syndrome Mark Evan Bonds.2019 The Beethoven Syndrome is the inclination of listeners to hear music as the projection of a composer's inner self. This was a radically new way of listening that emerged only after Beethoven's death. Beethoven's music was a catalyst for this change, but only in retrospect, for it was not until after his death that listeners began to hear composers in general--and not just Beethoven--in their works, particularly in their instrumental music. The Beethoven Syndrome: Hearing Music as Autobiography traces the rise, fall, and persistence of this mode of listening from the middle of the eighteenth century to the present. Prior to 1830, composers and audiences alike operated within a framework of rhetoric in which the burden of intelligibility lay squarely on the composer, whose task it was to move listeners in a calculated way. But through a

confluence of musical, philosophical, social, and economic changes, the paradigm of expressive objectivity gave way to one of subjectivity in the years around 1830. The framework of rhetoric thus yielded to a framework of hermeneutics: concert-goers no longer perceived composers as orators but as oracles to be deciphered. In the wake of World War I, however, the aesthetics of New Objectivity marked a return not only to certain stylistic features of eighteenth-century music but to the earlier concept of expression itself. Objectivity would go on to become the cornerstone of the high modernist aesthetic that dominated the century's middle decades. Masterfully citing a broad array of source material from composers, critics, theorists, and philosophers, Mark Evan Bonds's engaging study reveals how perceptions of subjective expression have endured, leading to the present era of mixed and often conflicting paradigms of listening.

Schiller and Music Rey Morgan Longyear.1966 In this first definitive study of Friedrich Schiller's relationship to music, R. M. Longyear discusses Schiller's personal, literary, and philosophical utilization of music as well as the influence of Schiller's works on composers from 1782 through the 1960s.

Memories and Commentaries Igor Stravinsky,Robert Craft.1981-01-01 For the first time in one volume--the celebrated Stravinsky and Craft Conversations Few would dispute that Igor Stravinsky was the greatest composer of the twentieth century. Conductor and writer Robert Craft was his closest colleague and friend, and for over twenty-one years he lived with the Stravinskys in their Hollywood home. In the early 1950s he accompanied the composer on his concert tours, and from the mid-1950s to Stravinsky's death in 1971 he co-conducted his concerts. Together Stravinsky and Craft published five acclaimed collections known as the Conversations series, which sprung from

informal talks between the two men. In this newly edited and re-structured one-volume version, Craft brings Stravinsky's reflections on his childhood, his family life, professional associates, and personal relationships into sharper focus and places the major compositions in their cultural milieu. The *Conversations* books are the only published writing attributed to Stravinsky that are actually by him in terms of fidelity to his thoughts and opinions, making this volume required reading for all fans and students of Stravinsky's music.

The Rest Is Noise Alex Ross. 2007-10-16 Winner of the 2007 National Book Critics Circle Award for Criticism A New York Times Book Review Top Ten Book of the Year Time magazine Top Ten Nonfiction Book of 2007 Newsweek Favorite Books of 2007 A Washington Post Book World Best Book of 2007 In this sweeping and dramatic narrative, Alex Ross, music critic for *The New Yorker*, weaves together the histories of the twentieth century and its music, from Vienna before the First World War to Paris in the twenties; from Hitler's Germany and Stalin's Russia to downtown New York in the sixties and seventies up to the present. Taking readers into the labyrinth of modern style, Ross draws revelatory connections between the century's most influential composers and the wider culture. *The Rest Is Noise* is an astonishing history of the twentieth century as told through its music.

Bartók's Viola Concerto Donald Maurice, Associate Professor of Music Donald Maurice. 2004 This text tells the intriguing story of Bela Bartok's viola concerto, a work left unfinished at his death in 1945. Drawing on interviews and documents that reveal previously unavailable information, it discusses the commission, reception and future possibilities.

The Music of Joseph Joachim Katharina Uhde.2018 Joseph Joachim (1831-1907) was arguably the greatest violinist of the nineteenth century. But Joachim was also a composer of virtuoso pieces, violin concertos, orchestral overtures and chamber music works. Uhde's book will be the standard work on the music of Joseph Joachim for many years to come.

Musical Entanglements between Germany and East Asia

Joanne Miyang Cho.2021-10-09 This edited volume explores musical encounters and entanglements between Germany and East Asian nations from 1900 to the present. In so doing, it speaks to their dynamic and multi-faceted musical relations in multiple ways. Despite East Asia and Germany being located at opposite ends of the globe, German music has found remarkably fertile soil in East Asia. East Asians have enthusiastically adopted it, while at the same time adding their own musical interpretations. These musical encounters have produced compositions that reflect this mutual influence, stimulating and enriching each other through their entanglement. After more than a century of entanglement, Germany and East Asia have become kindred musical spirits.

Musical Composition in the Context of Globalization Christian

Utz.2021-03-31 Since the early transformation of European music practice and theory in the cultural centers of Asia, Latin America, and Africa around 1900, it has become necessary for music history to be conceived globally - a challenge that musicology has hardly faced yet. This book discusses the effects of cultural globalization on processes of composition and distribution of art music in the 20th and 21st century. Christian Utz provides the foundations of a global music historiography, building on new models such as transnationalism, entangled histories, and reflexive globalization. The relationship between music and broader changes in society forms the central focus and is treated as a pivotal music-historical dynamic.
