Dancing on Broken Glass Ka Hancock.2012-03-13 A powerfully written novel offering an intimate look at a beautiful marriage and how bipolar disorder and cancer affect it, *Dancing on Broken Glass* by Ka Hancock perfectly illustrates the enduring power of love. Lucy Houston and Mickey Chandler probably shouldn't have fallen in love, let alone gotten married. They're both plagued with faulty genes—he has bipolar disorder, and she has a ravaging family history of breast cancer. But when their paths cross on the night of Lucy's twenty-first birthday, sparks fly, and there's no denying their chemistry. Cautious every step of the way, they are determined to make their relationship work—and they put it all in writing. Mickey promises to take his medication. Lucy promises not to blame him for what is beyond his control. He promises honesty. She promises patience. Like any marriage, they have good days and bad days—and some very bad days. In dealing with their unique challenges, they make the heartbreaking decision not to have children. But when Lucy shows up for a routine physical just shy of their eleventh anniversary, she gets an impossible surprise that changes everything. Everything. Suddenly, all their rules are thrown out the window, and the two of them must redefine what love really is. An unvarnished portrait of a marriage that is both ordinary and extraordinary, *Dancing on Broken Glass* takes readers on an unforgettable journey of the heart.

Savita: The Tragedy that shook a nation Kitty

Holland.2013-10-24 Seventeen weeks pregnant and facing a miscarriage, Savita Halappanavar and her husband Praveen walked into an Irish maternity ward in October 2012. Unwittingly, the couple also walked into that deeply controversial arena in which Ireland's legislative position on abortion remained unresolved. A week later, Savita was dead from septicaemia. Reports of her death and of the refusal to allow Savita a termination of her pregnancy sent shockwaves across Ireland and around the world. Once again the subject of abortion was catapulted to the very top of the agenda in Ireland. With the pro-life and pro-choice camps claiming the moral high ground, both sides in the bitterly contested battle sought to appropriate Savita's story and her image. In the midst of the ensuing rage and furore, the marches and protests, the threats and counter-threats that exploded across political and media platforms, Savita and the complete circumstances of her death were lost. In *Savita: The Tragedy That Shook A Nation*, Kitty Holland addresses this imbalance as she reveals the truth behind the headlines and explores many unanswered questions: Who was Savita? How significant was it that she was a non-Irish, non-Catholic woman in search of help on Irish soil? And how did her husband and her community's reaction to her death shape the parameters of the debate which followed? Holland's exposé also looks at how the tragic circumstances of Savita's death played a part in compelling the Irish Government to finally legislate on abortion and how activists on each side succeeded or failed in shaping that legislation.

Berlin Blues Sven Regener.2012-06-30 It's 1989 and, whenever he isn't hanging out in the local bars, Herr Lehmann lives entirely free of responsibility in the bohemian Berlin district of Kreuzberg. Through years of judicious sidestepping and heroic indolence, this barman has successfully avoided the demands of parents,

landlords, neighbours and women. But suddenly one unforeseen incident after another seems to threaten his idyllic and rather peaceable existence. He has an encounter with a decidedly unfriendly dog, his parents threaten to descend on Berlin from the provinces, and he meets a dangerously attractive woman who throws his emotional life into confusion. Berlin Blues is a richly entertaining evocation of life in the city and a classic of modern-day decadence.

Mãn Kim Thúy.2015-07-07 A triumph of poetic beauty and a moving meditation on how love and food are inextricably entwined, *Mãn* is a seductive and luminous work of literature from Kim Thúy, whose first book, *Ru*, was shortlisted for the Scotiabank Giller Prize, received a Governor General's Literary Award and won the nationwide book competition Canada Reads. *Mãn* has three mothers: the one who gives birth to her in

wartime, the nun who plucks her from a vegetable garden, and her beloved Maman, who becomes a spy to survive. Seeking security for her grown daughter, Maman finds Mãn a husband--a lonely Vietnamese restaurateur who lives in Montreal. Thrown into a new world, Mãn discovers her natural talent as a chef. Gracefully she practices her art, with food as her medium. She creates dishes that are much more than sustenance for the body: they evoke memory and emotion, time and place, and even bring her customers to tears. Mãn is a mystery--her name means perfect fulfillment, yet she and her husband seem to drift along, respectfully and dutifully. But when she encounters a married chef in Paris, everything changes in the instant of a fleeting touch, and Mãn discovers the all-encompassing obsession and ever-present dangers of a love affair. Full of indelible images of beauty, delicacy and quiet power, Mãn is a novel that begs to be savoured for its language, its sensuousness and its love of life.

Ikpjarjuk Md Abdus Salam.2021-12-17 We travel to India to see the Taj Mahal, Egypt to see Pyramids, Turkey to see Blue Mosque, Italy to see Colosseum, South America in quest of Inca civilization, and so on. But very few travel to Nunavut - A Land of Inuit. Md Abdus Salam - the author, had a chance to travel, live, and work in Arctic Bay - a small Nunavut community, for 12 years. Not many people in the world know about life in Nunavut. Many people in the southern part of Canada have no idea where and what Nunavut is, no question to speak about Arctic Bay, where Salam landed to teach in 2007. As he learned to survive the harsh winters and other challenges unique to the North, the Arctic also provided him amazing experiences, from polar bears to the aurora borealis, snowmobiles, and potable water problems. Used to living in a large community with many amenities, Salam faced some unique predicaments while living and teaching in the land of Inuit. In the North, he learned of Inuit culture, heritage, and hunting practices while learning to live in a land of extremes—including -60C cold, three months of complete

darkness in the winter, and 24/7 daylight for three months in the summer. The memoir Highlights Md Abdus Salam's experiences first as an immigrant teacher and then as a principal in the community of Arctic Bay. Ikpiarjuk: My Challenges Teaching in a Land of Inuit speaks to the experiences of a talented educator's time spent living and teaching in a place that was utterly unknown to him.

Hooligan Philipp Winkler.2018-04-03 We've all got two families: the one we're born with, and the one we choose ourselves. Heiko hasn't finished high school. His father is an alcoholic. His mother left. His housemate organizes illegal dogfights. He works in his uncle's gym, one frequented by bikers and skinheads. He definitely isn't one of society's winners, but he has his chosen family, the pack of soccer hooligans he's grown up with. His uncle is the leader, and gradually Heiko has risen in the ranks, until he's recognized in the stands of his home team and beyond the stadium walls, where, after the game, he and his gang represent their city in brutal organized brawls with hooligans from other localities. Philipp Winkler's stunning, widely acclaimed novel won the prize for best debut and was a finalist for the most prestigious German book award. It offers an intimate, devastating portrait of working-class, post-industrial urban life on the fringes and a universal story about masculinity in the twenty-first century, with a protagonist whose fear of being left behind has driven him to extremes. Narrated with lyrical authenticity by Heiko himself, it captures the desperation and violence that permeate his world, along with the yearning for brotherhood.

The latest volume in the series is again a collection by Weber that is motivated equally by admiration and a desire to connect. Oxford Junior Illustrated Dictionary Sheila Dignen.2007 This new 2007 edition of the Oxford Junior Illustrated Dictionary features over 10,000 entries in alphabetical order, in a clear and accessible design, with many new photographs and illustrations.

Each page is colourful, clear and accessible: simple, easy-to-read numbered meanings, and wordclasses. There are also panels that focus on overused words, words belonging to the same family and key language features such as connectives or apostrophes. Another unique feature is the example sentences by well-known children's authors, such as Dick King-Smith, Jacqueline Wilson and Roald Dahl. These show the words actually in use to reinforce meaning but they also hook children in to using language effectively. Unique to Oxford, they take children beyond looking up a word for spelling or meaning - and into thinking about reading and writing independently. The full alphabet appears on every page with a coloured tab on the letter of the page - plus the dictionary quartiles are picked out in a vibrant colour. Together, these are invaluable navigation tools for the child practising their alphabet skills. Guidewords also appear on every page. Extra material at the back is accurately levelled for the curriculum at this age. It includes information for spelling success, punctuation, simple grammar, key overused words (with alternatives) as well as word origins, prefixes and suffixes.

Projecting History Nora M. Alter.2009-08-27 Between 1967 and 2000, film production in Germany underwent a number of significant transformations, including the birth and death of New German Cinema as well as the emergence of a new transnational cinematic practice. In *Projecting History*, Nora M. Alter explores the relationship between German cinematic practice and the student protests in both East and West Germany against the backdrop of the U.S. war in Vietnam in the sixties, the outbreak of terrorism in West Germany in the seventies, West Germany's rise as a significant global power in the eighties, and German reunification in the nineties. Although a central tendency of New German Cinema in the 1970s was to reduce the nation's history to the product of individuals, the films addressed in *Projecting History* focus not on individual protagonists, but on complex socioeconomic structures. The films, by Rainer Werner Fassbinder, Harun Farocki, Alexander Kluge, Ulrike Ottinger, Wim Wenders and others, address basic problems of German history, including its overall peculiarity within the European context, and, in particular, the specific ways in which the National Socialist legacy continues to haunt Germans. Nora M. Alter is Associate Professor of German, Film and Media Studies, and Women and Gender Studies at the University of Florida. A specialist in twentieth-century film, comparative literature, and cultural studies, Alter has been the recipient of a National Endowment for the Humanities Fellowship and a Howard Foundation Fellowship. She is also the author of *Vietnam Protest Theatre: The Television War on Stage*.

Abandoned and Forgotten Evelyne Tannehill.2006 Much has
been written about World War II, but not often do we hear about
the immeasurable suffering of the Germans who wanted no part
of Hitler's regime. Abandoned and Forgotten is the memoir of a
young girl growing up in the then-German province of East
Prussia by the Baltic Sea. Orphaned at the age of nine and left to
fend for herself in a hostile world, Evelyne Tannehill witnessed
firsthand what happens when law and order break down and self-
preservation becomes the only thing that matters. Her journey is
a poignant example of how resilient the human spirit can be, even
in the face of war's greatest horrors.

Going to the Dogs Erich Kastner.2012-11-06 Going to the Dogs is set in Berlin after the crash of 1929 and before the Nazi takeover, years of rising unemployment and financial collapse. The moralist in question is Jakob Fabian, "aged thirty-two, profession variable, at present advertising copywriter . . . weak heart, brown hair," a young man with an excellent education but permanently condemned to a low-paid job without security in the short or the long run. What's to be done? Fabian and friends make the best of it—they go to work though they may be laid off at any time, and in the evenings they go to the cabarets and try to make it with girls on the make, all the while making a lot of sharp-sighted and sharp-witted observations about politics, life, and love, or what may be. Not that it makes a difference. Workers keep losing work to new technologies while businessmen keep busy making money, and everyone who can goes out to dance clubs and sex clubs or engages in marathon bicycle events, since so long as there's hope of running into the right person or (even) doing the right thing, well—why stop? Going to the Dogs, in the words of introducer Rodney Livingstone, "brilliantly renders with tangible immediacy the last frenetic years [in Germany] before 1933." It is a book for our time too.

I Contain Multitudes Ed Yong.2016-08-09 New York Times

Bestseller New York Times Notable Book of 2016 • NPR Great Read of 2016 • Named a Best Book of 2016 by The Economist, Smithsonian, NPR's Science Friday, MPR, Minnesota Star Tribune, Kirkus Reviews, Publishers Weekly, The Guardian, Times (London) From Pulitzer Prize winner Ed Yong, a groundbreaking, wondrously informative, and vastly entertaining examination of the most significant revolution in biology since Darwin—a “microbe’s-eye view” of the world that reveals a marvelous, radically reconceived picture of life on earth. Every animal, whether human, squid, or wasp, is home to millions of bacteria and other microbes. Pulitzer Prize-winning author Ed Yong, whose humor is as evident as his erudition, prompts us to look at ourselves and our animal companions in a new light—less as individuals and more as the interconnected, interdependent multitudes we assuredly are. The microbes in our bodies are part of our immune systems and protect us from disease. In the deep oceans, mysterious creatures without mouths or guts depend on microbes for all their energy. Bacteria provide squid with invisibility cloaks, help beetles to bring down forests, and allow worms to cause diseases that afflict millions of people. Many people think of microbes as germs to be eradicated, but those that live with us—the microbiome—build our bodies, protect our health, shape our identities, and grant us incredible abilities. In this astonishing book, Ed Yong takes us on a grand tour through our microbial partners, and introduces us to the scientists on the front lines of discovery. It will change both our view of nature and our sense of where we belong in it.

Welch ungeahnte Wirkung dieses Nationalauto auf Menschen und Kamele hat, wie Lothar Matthäus und Rabbi Avramoff am defensiven Mittelfeld scheitern und der erste Kibbuz privatisiert wird, davon erzählt Robert Scheer mit einem ganz eigenen Humor in seinem Debüt. In zwölf miteinander verbundenen Geschichten zeigt er Bilder eines zutiefst zerrissenen Gelobten Landes, Israel mit all seinen Widersprüchlichkeiten und Verwerfungen. Brillante Komik, eine dezidiert politische Weltsicht, kakanische Umständlichkeit und orientalische Üppigkeit - das alles ergibt eine umwerfende Melange!

Island Rivers John R. Wagner, Jerry K. Jacka.2018-06-19 Anthropologists have written a great deal about the coastal adaptations and seafaring traditions of Pacific Islanders, but have had much less to say about the significance of rivers for Pacific island culture, livelihood and identity. The authors of this collection seek to fill that gap in the ethnographic record by drawing attention to the deep historical attachments of island communities to rivers, and the ways in which those attachments are changing in response to various forms of economic development and social change. In addition to making a unique contribution to Pacific island ethnography, the authors of this volume speak to a global set of issues of immense importance to a world in which water scarcity, conflict, pollution and the degradation of riparian environments afflict growing numbers of people. Several authors take a political ecology approach to their topic, but the emphasis here is less on hydro-politics than on the cultural meaning of rivers to the communities we describe. How has the cultural significance of rivers shifted as a result of colonisation, development and nation-building? How do people whose identities are fundamentally rooted in their relationship to

a particular river renegotiate that relationship when the river is dammed to generate hydro-power or polluted by mining activities? How do blockages in the flow of rivers and underground springs interrupt the intergenerational transmission of local ecological knowledge and hence the ability of local communities to construct collective identities rooted in a sense of place?
