The Mark of Chaos Susan Kalior.2018-02-12 Enter the darkness. Meet Johnny: an immortal, seductive, vampiric, magical, time-bending being who wreaks chaos on earth. As a supernatural entity, he is compelled to answer the conscious and unconscious call for violence. Martyr's and sinners are his best clientele. Meanwhile, the Shen, Jenséa, a naïve embodied angel (who believes herself merely human), is tormented by her compulsion to paint violent scenes, which unbeknownst to her, are premonitions of her future. Bored from lack of challenge, Johnny invites himself to be her guardian devil to help her survive what is to come, and to teach her about her angel power. He is challenged at last, for her power, when activated, could burn him to oblivion. Confusing matters are the changes they incite in each other, including a magnetizing romantic love that neither of them want. Told from Jenséa's point of view, this is a story about life's gentler side unconsciously seeking balance with the tougher aspects of being. Thrown into a fantastic adventure with her diametric opposite, Jenséa begins to learn the deeper meaning of life, surpassing everything she ever deemed true. Contrary to conventional plots that pit good against evil, this plot unites good and evil to transform both. This brilliant tale touches the deepest yearnings in every human, yearnings that are lifted to a startling resolution.

Hard Luck Hank Steven Campbell. 2014-04-21 Hank was a dying breed on the space station Belvaille. The criminal gangs that had once made their homes there were forced out by the corporations that had taken over since the facility became an Independent Protectorate. Instead of the gentlemanly gang wars that had once dominated the scene, and made Hank's services prized as a negotiator, the city was now plagued by the clash of corporate armies using heavy weapons. Even tanks roamed the streets regularly. Most everyone from the olden days had either fled the station or was killed due to the organizational changes. Changes that Hank personally brought about when he had negotiated Belvaille's status with the Navy. As Hank contemplates whether he can survive in this increasingly hostile environment, he realizes that things aren't as bad as they seem--they are quite a bit worse. The constant power plays among corporations might have further reach than just the alleys of a backwater space station at the edge of the galaxy.
