*Lesia's Dream* Laura Langston. 2012-09-04 Fifteen-year-old Lesia can hardly bear it. She and her family must leave their beloved Baba in their Ukrainian hometown in order to flee to Canada. Dreaming of fields of wheat, wealth and security, Lesia looks forward to a life in Canada, free from poverty and rumours of war. But the 160 acres of hardscrabble prairie look nothing like the wheat fields of her dreams. And even though there is no fighting in her new country, the First World War follows them there.

*Finding Me* Michelle Knight. 2014-05-06 The #1 New York Times Bestseller and inspirational memoir by Michelle Knight, whose survival story gripped the world and continues to inspire and offer hope. Michelle was a young single mother when she was kidnapped by a local school bus driver named Ariel Castro. For more than a decade afterward, she endured unimaginable torture at the hand of her abductor. In 2003 Amanda Berry joined her in captivity, followed by Gina DeJesus in 2004. Their escape on May 6, 2013, made headlines around the world. Barely out of her own tumultuous childhood, Michelle was estranged from her family and fighting for custody of her young son when she disappeared. Local police believed she had run away, so they removed her from the missing persons lists fifteen months after she vanished. Castro tormented her with these facts, reminding her that no one was looking for her, that the outside world had forgotten her. But Michelle would not be broken. In *Finding Me*, Michelle will reveal the heartbreaking details of her story, including the thoughts and prayers that helped her find courage to endure her unimaginable circumstances and now build a life worth living. By sharing both her past and her efforts to create a future, Michelle becomes a voice for the voiceless and a powerful symbol of hope for the thousands of children and young adults who go missing every year.

*Plast: Ukrainian Scouting, a Unique Story* Orest Subtelny. 2016-12-01 In this book, the renowned historian Orest Subtelny, who wrote *Ukraine: A History*, describes to us how, in 1911, a small group of teachers, whose people lived under foreign rule, at the crossroads of empires, took Baden Powell's idea, adapted it to their circumstances and formed a scouting organization for the betterment of Ukrainian youth and to provide hope to the Ukrainian nation. The organization was buffeted by history — repression, war, emigration, dispersement throughout the world — and finally found renewal in a free Ukraine. It was an amazing journey, truly a unique story.

**Using Images in Late Antiquity** Stine Birk, Troels Myrup Kristensen, Birte Poulsen. 2014-04-30 Fifteen papers focus on the active and dynamic uses of images during the first millennium AD. They bring together an international group of scholars who situate the period's visual practices within their political, religious, and social contexts. The contributors present a diverse range of evidence, including mosaics, sculpture, and architecture from all parts of the Mediterranean, from Spain in the west to Jordan in the east. Contributions span from the depiction of individuals on funerary monuments through monumental epigraphy, Constantine's expropriation and symbolic re-use of earlier monuments, late antique collections of Classical statuary, and city personifications in mosaics to the topic of civic prosperity during the Theodosian period and dynastic representation during the Umayyad dynasty. Together they provide new insights into the central role of visual culture in the constitution of late antique societies.

**China's Influence and American Interests** Larry Diamond, Orville Schell. 2019-08-01 While Americans are generally aware of China's ambitions as a global economic and military superpower, few understand just how deeply and assertively that country has already sought to influence American society. As the authors of this volume write, it is time for a wake-up call. In documenting the extent of Beijing's expanding influence operations inside the United States, they aim to raise awareness of China's efforts to penetrate and sway a range of American institutions: state and local governments, academic institutions, think tanks, media, and businesses. And they highlight other aspects of the propagandistic "discourse war" waged by the Chinese government and Communist Party leaders that are less expected and more alarming, such as their view of Chinese Americans as members of a worldwide Chinese diaspora that owes undefined allegiance to the so-called Motherland. Featuring ideas and policy proposals from leading China specialists, *China's Influence and American Interests* argues that a successful future relationship requires a rebalancing toward greater transparency, reciprocity, and fairness. Throughout, the authors also strongly state the importance of avoiding casting aspersions on Chinese and on Chinese Americans, who constitute a vital portion of American society. But if the United States is to fare well in this increasingly adversarial relationship with China, Americans must have a far better sense of that country's ambitions and methods than they do now.

*The French Image of America: 1658-1790* Durand Echeverria, Everett C. Wilkie. 1994 Provides descriptions of all works in French that touch on the original thirteen British North American colonies and the U.S. through 1815. Each of the over 3,000 entries includes a complete title transcription, a pagination statement, notes, and locations of copies.

**Imagining America** Alan M. Ball. 2004-09-09 In *Imagining America*, historian Alan M. Ball explores American influence in two newborn Russian states: the young Soviet Union and the modern Russian Republic. Ball deftly illustrates how in each era Russians have approached the United States with a conflicting mix of ideas—as a land to admire from afar, to shun at all costs, to emulate as quickly as possible, or to surpass on the way to a superior society. Drawing on a wide variety of sources including contemporary journals, newspapers, films, and popular songs, Ball traces the shifting Russian perceptions of American cultural, social, and political life. As he clearly demonstrates, throughout their history Russian imaginations featured a United States that political figures and intellectuals might embrace, exploit, or attack, but could not ignore.

**Black Ivy: a Revolt in Style** .2021-10-12 How Black culture reinvented and subverted the Ivy Look From the most avant-garde jazz musicians, visual artists and poets to architects, philosophers and writers, Black Ivy: The Birth of Coolcharts a period in American history when Black men across the country adopted the clothing of a privileged elite and made it their own. It shows how a generation of men took the classic Ivy Look and made it cool, edgy and unpredictable in ways that continue to influence today's modern menswear. Here you will see some famous, infamous and not so famous figures in Black culture such as Amiri Baraka, Charles White, Malcolm X, Martin Luther King Jr., James Baldwin, Miles Davis, John Coltrane and Sidney Poitier, and how they reinvented Ivy and Prep fashion--the dominant looks of the time. The real stars of the book--the Oxford cloth button-down shirt, the hand-stitched loafer, the soft shoulder three-button jacket and the perennial repp tie--are all here. What Black Ivyexplores is how these clothes are reframed and redefined by a stylish group of men from outside the mainstream, challenging the status quo, struggling for racial equality and civil rights. Boasting the work of some of America's finest photographers and image-makers, this must-have tome is a celebration of how, regardless of the odds, great style always wins.

**What We Live For, What We Die For** Serhiy Zhadan,Bob Holman.2019-04-16 An introduction to an original poetic voice from eastern Ukraine with deep roots in the unique cultural landscape of post-Soviet devastation Everyone can find something, if they only look carefully, reads one of the memorable lines from this first collection of poems in English by the world-renowned Ukrainian author Serhiy Zhadan. These robust and accessible narrative poems feature gutsy portraits of life on wartorn and poverty-ravaged streets, where children tally the number of local deaths, where mothers live with low expectations, and where romance lives like a remote memory. In the tradition of Tom Waits, Charles Bukowski, and William S. Burroughs, Zhadan creates a new poetics of loss, a daily crusade of testimonial, a final witness of abandoned lives in a claustrophobic universe where every year there's less and less air. Yet despite the grimness of these portraits, Zhadan's poems are familiar and enchanting, lit by the magic of everyday detail, leaving readers with a sense of hope, knowing that the will of a people will never let it be / like it was before.

*Demagogue for President* Jennifer Mercieca.2020-07-07 Winner, Bronze, 2020 Foreword Indies, Political and Social Sciences Winner, 2021 PROSE Award for Government & Politics Deserves a place alongside George Orwell's 'Politics and the English Language'. . . . one of the most important political books of this perilous summer.—The Washington Post A must-read—Salon Highly recommended—Jack Shafer, Politico Featured in The Best New Books to Read This Summer and Lit Hub's Most Anticipated Books of 2020—Literary Hub Historic levels of polarization, a disaffected and frustrated electorate, and widespread distrust of government, the news media, and traditional political leadership set the stage in 2016 for an unexpected, unlikely, and unprecedented presidential contest. Donald Trump's campaign speeches and other rhetoric seemed on the surface to be simplistic, repetitive, and disorganized to many. As *Demagogue for President* shows, Trump's campaign strategy was anything but simple. Political communication expert Jennifer Mercieca shows how the Trump campaign expertly used the common rhetorical techniques of a demagogue, a word with two contradictory definitions—"a leader who makes use of popular prejudices and false claims and promises in order to gain power" or "a leader championing the cause of the common people in ancient times" (Merriam-Webster, 2019). These strategies, in conjunction with post-rhetorical public relations techniques, were meant to appeal to a segment of an already distrustful electorate. It was an effective tactic. Mercieca analyzes rhetorical strategies such as argument ad hominem, argument ad baculum, argument ad populum, reification, paralipsis, and more to reveal a campaign that was morally repugnant to some but to others a brilliant appeal to American exceptionalism. By all accounts, it fundamentally changed the discourse of the American public sphere.

**And Their Children After Them** Dale Maharidge.2008-11-04 Winner of the Pulitzer Prize for Nonfiction in 1990 In *And Their Children After Them*, the writer/photographer team Dale Maharidge and Michael Williamson return to the land and families captured in James Agee and Walker Evans's inimitable *Let Us Now Praise Famous Men*, extending the project of conscience and chronicling the traumatic decline of King Cotton. With this continuation of Agee and Evans's project, Maharidge and Williamson not only uncover some surprising historical secrets relating to the families and to Agee himself, but also effectively lay to rest Agee's fear that his work, from lack of reverence or resilience, would be but another offense to the humanity of its subjects. Williamson's ninety-part photo essay includes updates alongside Evans's classic originals. Maharidge and Williamson's work in *And Their Children After Them* was honored with the Pulitzer Prize for nonfiction when it was first published in 1990.

**Images at War** Michèle Martin.2006-01-01 Using the press coverage of the Franco-Prussian war as a starting point, Michèle Martin's *Images at War* examines nineteenth-century illustrated periodicals published in France, Germany, England, and Canada (with references also to Italy and the United States), and argues that periodicals during this period worked to reinforce particular national identities. Images in periodicals played an essential role in how the concept of nationalism was expressed and reproduced, usually by pitting cultures and countries against one another. These illustrated periodicals helped to shape nations where nations had not previously existed - such as with Germany, Italy, and Canada, which were only just coming into their own as states. In war, Martin observes, these documents also represented a non-verbal method of communicating emotionally trying, politically challenging, and oftentimes contradictory information to the public, literate and non-literate alike. The history of nineteenth-century illustrated papers underscores their legitimacy as a form of journalism. They were more than a commodity produced for profit; they offered serious reflection and commentary on the times designed by editors to have specific effects on the readers. *Images at War* is a much-needed study of this early news medium and its part in the construction of nationalism in the midst of war.

*The Casa del Deán* Penny C. Morrill.2023-09-15 The Casa del Deán in Puebla, Mexico, is one of few surviving sixteenth-century residences in the Americas. Built in 1580 by Tomás de la Plaza, the Dean of the Cathedral, the house was decorated with at least three magnificent murals, two of which survive. Their rediscovery in the 1950s and restoration in 2010 revealed works of art that rival European masterpieces of the early Renaissance, while incorporating indigenous elements that identify them with Amerindian visual traditions. Extensively illustrated with new color photographs of the murals, *The Casa del Deán* presents a thorough iconographic analysis of the paintings and an enlightening discussion of the relationship between Tomás de la Plaza and the indigenous artists whom he commissioned. Penny Morrill skillfully traces how native painters, trained by the Franciscans, used images from Classical mythology found in Flemish and Italian prints and illustrated books from France—as well as animal images and glyphic traditions with pre-Columbian origins—to create murals that are reflective of Don Tomás’s erudition and his role in evangelizing among the Amerindians. She demonstrates how the importance given to rhetoric by both the Spaniards and the Nahuas became a bridge of communication between these two distinct and highly evolved cultures. This pioneering study of the Casa del Deán mural cycle adds an important new chapter to the study of colonial Latin American art, as it increases our understanding of the process by which imagery in the New World took on Christian meaning.
