The Book of Skulls Robert Silverberg.2018-05-08 How far will four friends go for immortality? This novel is Hugo and Nebula

Award-winning author “Robert Silverberg at his very best” (George R. R. Martin). After Eli, a scholarly college student, finds and translates an ancient manuscript called *The Book of Skulls*, he and his friends embark on a cross-country trip to Arizona in search of a legendary monastery where they hope to find the secret of immortality. On the journey with Eli, there’s Timothy, an upper-class WASP with a trust fund and a solid sense of entitlement; Ned, a cynical poet and alienated gay man; and Oliver, a Kansas farm boy who escaped his rural origins and now wants to escape death. If they can find the House of Skulls where immortal monks allegedly reside, they’ll undergo a rigorous initiation. But do those eight grinning skulls mean the joke will be on them? For a sacrifice will be required. Two must die so that two may live forever . . . Stretching the boundary between science fiction and horror, Robert Silverberg masterfully probes deeper existential questions of morality, brotherhood, and self-determined destiny in what Harlan Ellison refers to as “one of my favorite nightmare novels.” This ebook features an illustrated biography of Robert Silverberg including rare images from the author’s personal collection.

Skull Style Patrice Faramah.2011 'Skull Style' presents not only one of the most ancient symbols used in the history of mankind but how it is utilized in the most surprising and modern way today. Formerly an emblem of evil and mortality, the skull has been transformed into an avant-garde design element used in the most cutting-edge art, chic interiors and vanguard style of the moment. Whether embellished on costly T-shirts, woven on limited edition chairs, and even encrusted with diamonds sold at an art auction for \$100 million, the skull is no longer just a daunting memento of our frail mortality but a contemporary figure of fashion. This book shows how this once morbid trinket of death has been reinvented into the much-desired decoration by the trendsetters of tomorrow.

Tattoo Art & Design Editors of *Viction:ary*. 2007-04-17 Tattoos are sexy, fashionable, and creative. This compendium features over 480 designs by the world's leading young graphic artists for tattoos that are new, different, and edgy. Little has appeared that explores fresh designs for tattoos by contemporary graphic artists and designers. **Tattoo Art & Design** corrects this with designs by over 60 of today's up-and-coming designers. They draw inspiration from diverse cultures and media, and bridge the highly graphic world of skin art and the exploding creativity in graphic design communities worldwide. Among the featured designers are Kinpro, Klaus Haapaniemi, Marcus Oakley, Rex Koo, Rinzen, Musa Collective, and Stapelberg & Fritz. The designs featured here shatter the conventional notion of the tattoo. Gone are hearts inscribed with names, anchors, Celtic harps, or tribal bands. Instead, the tattoo designs are based on Japanese animé characters, abstract art, hip-hop culture, and Day-Glo pop art in a palette of vibrant colors and elaborate shapes. These fun and playful designs will inspire a new breed of tattoo artist as well as the next generation of graphic designers.
